

Lexington Moose 2511 & Chapter 2211 teamed up with the Red Cross, United Way and local law enforcement went door to door providing and installing smoke detectors in homes free of charge

On August 3rd members of Lexington Moose 2511 & Chapter 2211 teamed up with the Red Cross, United Way and local law enforcement went door to door providing and installing smoke detectors in homes free of charge. If residents already had smoke detectors in their homes they also installed new batteries and tested them to be sure they were working properly. It was a great thing for the residents of Richland County, Ohio.
